

Is the 'comparison game' something we can just 'get over'?

The Comparison Game

An experimental poem by Mya Shaw exploring comparison

Pathway: Level 3 English

## The comparison game

### Across

- 1) The comparison game
- 2) Alone in this idealist world
- 3) Are we tired of ourselves or does thinking overtake our emotions?
- 4) Is it harmful or makes us stronger?
- 5) When it is a game we all know

### Down

- 1) And in questioning we all wonder is life
- 2) Restricted by idealist beliefs of beauty
- 3) Or is it empowering?
- 4) But do we all go through this?
- 5) Does it degrade us?
- 6) Hurting the ways we're thinking
- 7) Game of comparison
- 8) We can't get over it
- 9) Only find ways through it
